Holy-Field Vineyard & Winery is a family owned business committed to producing a limited variety of premium fine wines. Founded by Les & Michelle Meyer (father & daughter), the first vines were planted in 1986 and have grown to include over 12,000 vines located on fourteen beautiful acres at the intersection of 158th Street and 24-40 highway in southern Leavenworth County Kansas. Holy-Field derives its name from the days when 158th street was named Holyfield Road. Opening our doors for the first time in 1994, Holy-Field began serving it's customers from our Basehor, Kansas location.

The vineyard is planted with Native American and French Hybrid varieties with an emphasis placed on growing superior grapes. The carefully tended grapes are harvested by hand and then immediately pressed. Our wines are fermented, aged and bottled in the cellars located beneath our tasting room. Harvest production annually produces about 7,000 gallons of wine from our ten varieties of grapes.

Located on our thirty acre Estate are a spacious Tasting Room & Gift Shop, Vineyard Room (Banquet Hall), Wine Deck & Gazebo. The winery offers a warm and inviting atmosphere for our visitors to enjoy fine wines, specialty gifts and good company.
